Create spaces that make life at work better.

Smart Workspaces

Delight Users

Thoughtful details keep people happy and productive.

Empower Technology

Convenient, flexible access to technology and power makes it easy to share information.

Foster Agility

Smart products let people easily customize and change their space.

Design for Sustainability

Good choices matter -- from beginning to end, and over again.

Interval⁺ is a dynamic post & beam architectural solution that **injects purpose into in-between spaces.**

Delight Users

Creates in-between spaces that foster communication and collaboration.

Empower Technology

Discreetly routes power & data and creates technology rich meeting spaces.

Foster Agility

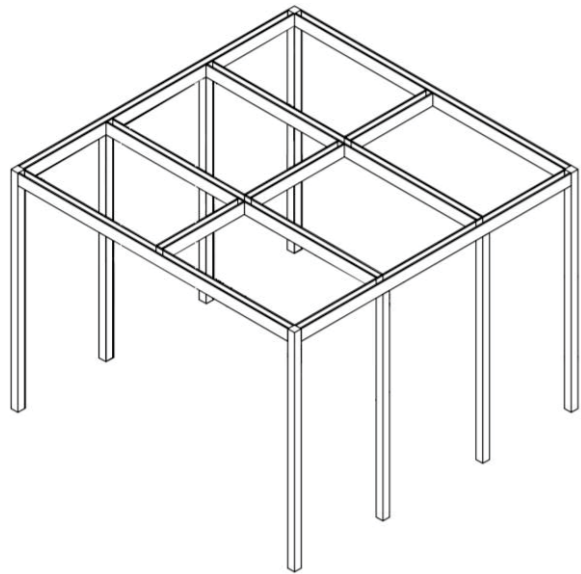

Flexible, adaptable architecture.

Design for Sustainability

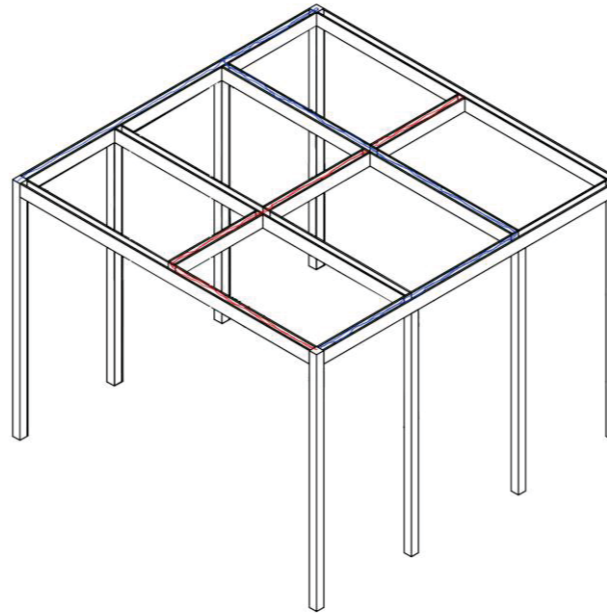

Reconfigurable, durable and recyclable.

Build the space **you need.**

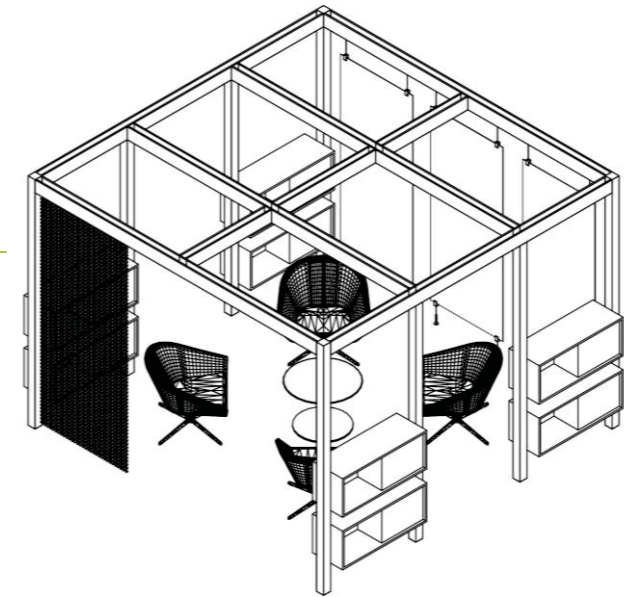

From a simple structure to an intelligent space with powerful capabilities, Interval brings in-between spaces to life.

1 Define your space.

2 Bring it to life.

3 Give it purpose.

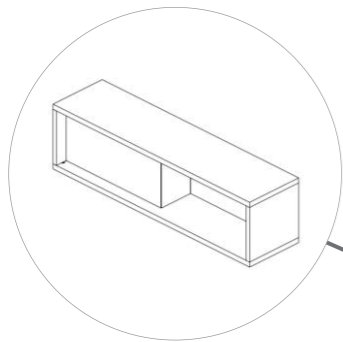

Frame your ideas.

Interval offers simple planning and flexibility. Anodized aluminum construction is solid and durable, yet offers aesthetic appeal and complements adjoining spaces.

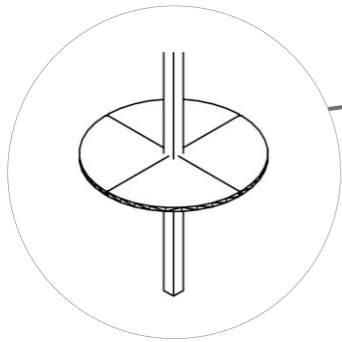

- Build in-between spaces in existing workplaces.
- Integrates with existing furniture.
- Connect at 90°, 120° and 135°.
- Easily reconfigurable.
- Changes are clean with none of the conventional disruptions or delays.

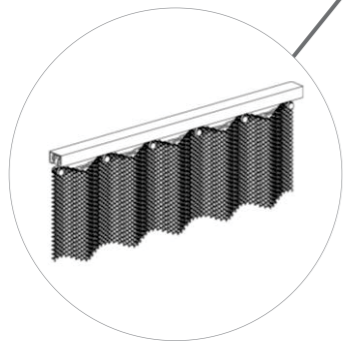

Choose from a wide range of in-fill components including storage, privacy screens, surfaces and more with Interval+. Add or subtract components as your needs evolve.

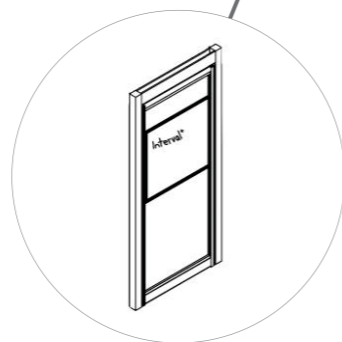

storage bins and shelves

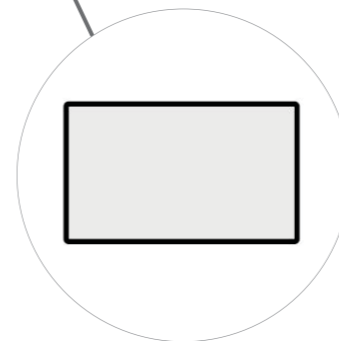

standing height surfaces

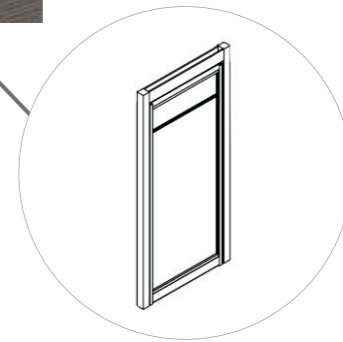

chain / fabric curtains

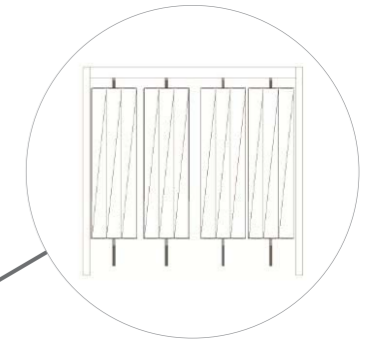

writable surfaces / glassboard

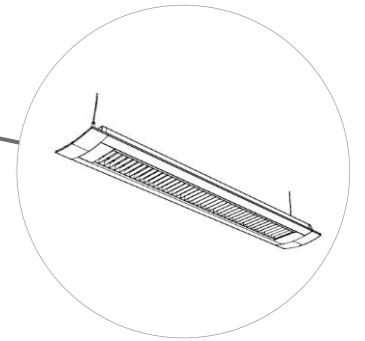

interactive displays

walls & panel inserts

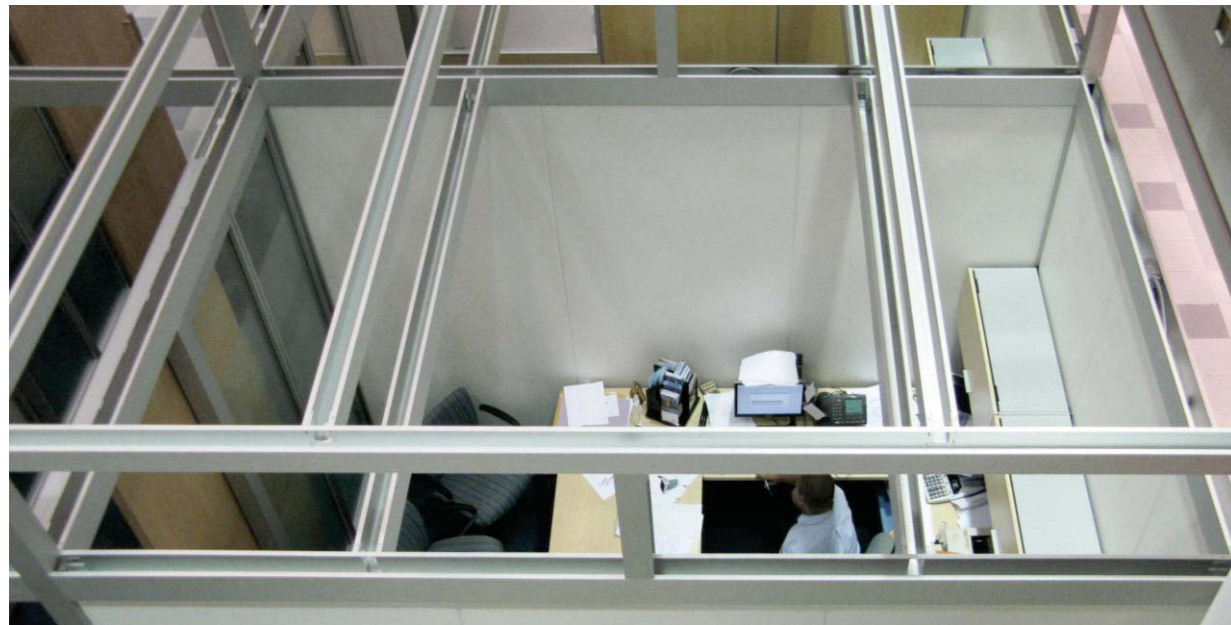

Veil adjustable privacy screens

hanging lights

Power up. Get Connected.

With a flexible grid of open beams, Interval provides a simple route for electrical and data to be easily integrated, moved and serviced.

Discreet lay-in cabling

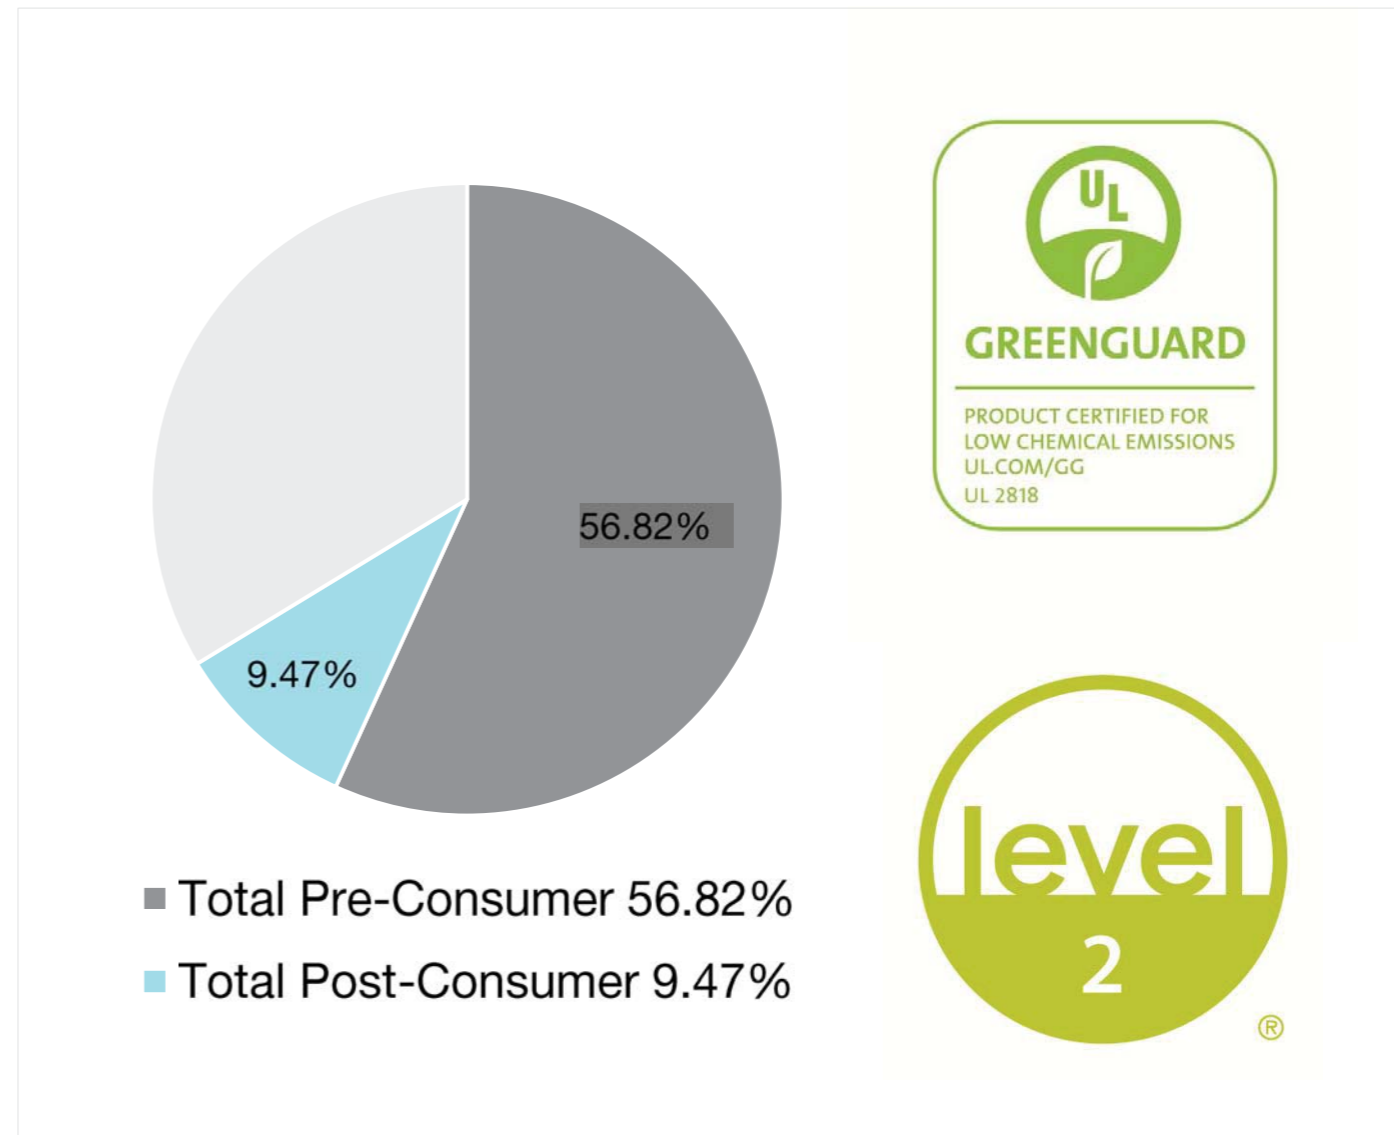

SOUTHWEST **SOLUTIONS** GROUP
